DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 1, line 2 the phrase "such as" renders the claim indefinite since the resulting claim does not clearly set forth the metes and bounds of the patent protection desired (especially with regards to "or other surface"). Additionally, in line 7 of claim 1, it is unclear what the applicant intends to claim with the recitation of "which can include...". It does not appear that applicant has positively claimed either condition. Regarding claim 6 line 8, it is unclear what is encompassed by the phrase "variables as defined in the above description of the invention". This phrase is indefinite because it is not clear what structure the applicant is claiming.

Allowable Subject Matter

3. Claims 1-18 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
4. Claims 19-30 are allowed.
